Moving you forward

Research and customer feedback show that freedom to move while working leads to better health, greater productivity and a more positive attitude. At Ergotron, our mission has always focused on transforming static workplaces into dynamic environments that allow our customers to thrive. This means moving people forward by improving how they work, learn, play and care for others.

Whether in office, home, healthcare or educational settings, Ergotron is respected for industry-leading, professional-grade products. Our ergonomic movement solutions are designed for the rigors of a commercial audience, engineered for durability and tested to performance excellence. We are proud to hold more than 200 patents for unique product innovations and to have received countless accolades and awards.

Your input remains a crucial component in our product development process—and your loyalty tells us we’re continuing to move you in the right direction.

Thank you for your continued trust in the Ergotron brand.
Sit-Stand Workstations
THE BROADEST PORTFOLIO FOR THE PERFECT FIT

Our products foster a workplace culture of movement, encouraging active workstyles that benefit employers and employees with improved comfort, flexibility and collaboration.

Monitor Mounts
WELL-BEING IS WITHIN AN ARM’S REACH

An active sit-stand workstyle represents just one aspect of a workday that moves. With Ergotron’s monitor arms, you can harness even more productivity and feel-good benefits.
The new standard: WorkFit-TX

Thoughtfully designed to offer advanced ergonomics out-of-the-box, the WorkFit-TX fits more users with an X-shaped lift that folds close to your desk to keep the right monitor-to-keyboard-tray spacing. With a height-adjustable, back-tilt keyboard that sits below the worksurface, this ultra-low sit-stand workstation delivers leading ergonomics when sitting and standing.

Lift 20” (50.8 cm)
Weight Capacity 40 lbs (18.2 kg)
Worksurface Dimensions 32” x 27” (81 x 68.5 cm)
Keyboard Tray Dimensions 28” x 8” (71 x 20 cm)

Part Number / Color / Availability 33-467-921 / Black / Americas, EMEA, AU, NZ

Tabletop Desk Converters

Right-angle power play: WorkFit Corner

Don’t cut corners. Use them. The WorkFit Corner Standing Desk Converter turns unused space into a productive right-angle power play. It offers more worksurface and the largest keyboard tray of any WorkFit. The notched worksurface hugs 90-degree cube or office walls to slide into this previous dust collector space.

Lift 15” (38 cm)
Weight Capacity 35 lbs (15.9 kg)
Worksurface Dimensions 36” x 23.6” (91.4 x 60 cm)
Keyboard Tray Dimensions 36” x 13.2” (91 x 33 cm)

Part Number / Color / Availability 33-468-921 / Black / Worldwide (except CN, HK, TW, JP, Southeast Asia)
Tabletop Desk Converters

**Large worksurface: WorkFit-TL**

WorkFit-TL transforms everyday offices into dynamic, active workspaces. This sit-stand desktop converter offers easy, crank-free height adjustment and holds up to 40 lbs (18.1 kg) of office essentials on a large worksurface. It moves straight up and down for more stability and to keep your space, your space.

Caregivers have many distractions that take their focus away from patients—technology should not be one of them. Ergotron products remove constraints from how caregivers work with technology to help reduce burnout and to improve the patient experience. Together, we are moving care forward.

Carts
CONFIGURATIONS TO FIT YOUR WORKFLOWS
Move your care where it’s needed most with a mobile workstation.

Wall Mounts
GET MORE FROM YOUR SPACE
Free up room in your facility for personal interaction with patients and families.

Charging Cabinets
POWER UP YOUR TECHNOLOGY
Keep your smart devices secured, protected and charged for easy documentation.

and more!
Short, tall or average clinicians can now work comfortably and effectively—no matter what their stature. Help all of your caregivers thrive with an expansive vertical range that easily adjusts to the ergonomic needs of the broadest range of users. The lightweight design makes it easy to move wherever your work takes you around the healthcare facility.

CareFit Slim 2.0 LCD Medical Carts offer a pull-out keyboard and large worksurface to support large all-in-one computers and monitors, with no-drawer and one-drawer models available.

1. Designed for lean IT configurations, including micro-PC + LCD or AIO 21–27” weighing up to 20 lbs (9.1 kg)
2. Telescopic lift provides an additional 5” (13 cm) of monitor height adjustment
3. Spacious worksurface is 20.7” x 14.3” (52.5 x 36.3 cm)
4. Slide-out keyboard tray and pull-out mouse tray (left or right side) hides under the keyboard tray when not in use
5. Offers easy height adjustability with the pull of a lift handle
6. Accessory shelf for printer or scanner on left; sani-wipes holder on right
7. Lift engine offers an expansive vertical range of 29.25–46.75” (74–119 cm)
8. Easily add a hot-swap power system
9. Compact cast aluminum base with durable finish; includes three-function 4” (10.2 cm) casters

CareFit Slim Laptop Carts fit small laptops and two-in-ones. A pull-out cable storage tray keeps cords out of sight, and a slide-out power brick holder offers easy access to power options.

1. CareFit Slim Laptop Security Bracket accessory keeps your laptop from sliding, while helping protect important equipment (24-757-250)
2. Integrated storage area and pull-out cable storage tray with quick connect hardware
3. Worksurface is 21” x 13.9” (53.3 x 35.3 cm)
4. Triple-stage lift engine offers an expansive vertical range of 24.5–491” (61.4–124.7 cm)
5. Super-compact cast aluminum base with durable finish; includes three-function 4” (10.2 cm) casters

The CareFit® Pro Medical Cart sets a new standard in resimercial design and supports calming, healing environments for caregivers and patients alike. A flexible open architecture system reliably adapts to future and current workflows with ease. Integrated, cloud-based software simplifies fleet management, helps improve uptime and alleviates power anxiety.

1. 180° pan for monitor and keyboard
2. Touchscreen user interface
3. High-capacity configurable drawer system can be added
4. Infinite brake mechanism enhances patented Constant Force™ technology for improved usability; electric lift also available
5. Integrated 320Wh LiFe battery
6. Durable, 5” (12.7 cm) dual-wheel casters
7. Optional LifeKinnex Power System (245Wh)
8. Cantilever monitor mount for focal depth adjustability and full access to worksurface
9. LED lighting located on the base, keyboard and worksurface for working in dark environments
10. Neat-angle, dual-grip handle design for improved push/pull/lift ergonomics
11. Integrated 7-port USB hub for data and power
12. Technology enclosure
13. Enclosed cable management
14. Flex-platform accessory mounting system
15. Promote uptime with eKinnex™ software for proactive fleet management
TAILORED HEALTHCARE SOLUTIONS

Every care setting requires professional-grade products tailored for your workflows. Combining several of our products into specialized, expert solutions delivers what you need in each application for patient-centered care.

CUSTOMIZABLE FOR EVERY WORKFLOW

Need drawer storage? If so, how many?

- One row: Select our cart with patented Constant Force Technology.
- More than one row: Select our cart with an electric lift. Mix and match up to a total of 4 rows (1 Drawer; 1x1) on an electric cart.

Supports Imprivata identity and access management.

*Displays, cameras and components shown are sold separately.*
CLOUD-BASED FLEET MANAGEMENT FOR MEDICAL CARTS

• Secure, web-based software application that monitors and manages your fleet of CareFit and StyleView carts
• Seamless and centralized fleet management provides comprehensive cart data to significantly reduce or eliminate cart downtime
• Monitoring helps improve battery life expectancy
• Provides real-time insight into usage patterns, drawer access, battery charge/life and more
• Software operates separately from patient records to reduce concerns with HIPPA compliance
• Easy to get, fast to implement

POWER LIFE-CHANGING CARE

• Safe battery chemistry
• Longer battery cycle life
• Quick charging time
• Easy to connect
• Simple attachment system

Alleviate power anxiety on medical carts with this innovative battery system designed to support multiple workflows, including hot swap or on-cart charging. The three-part system—battery, smart battery dock and optional external four-bay charger—minimizes downtime by monitoring battery run-time with an LCD screen and using the unique magnetic connection feature for an easy swapping process.

Certification

UN/DOT 38.3, IEC 62133, WEEE, Conflict Minerals Act, REACH, RoHS
Low Profile Wall Enclosure

Space is in high-demand in healthcare environments. With the CareFit Enclosure, you have more room to provide the best patient care. The wall-mount workstation lets caregivers work comfortably sitting or standing in crowded patient rooms or hallways.
• The low-profile design stays close to the wall and folds when not in use to open up more space
• Lock code with up to 10 digits keeps patient data and technology secure
• Interchangeable laminate options let you customize the look to design stylish, healing spaces for your organization

CareFit Enclosure

Enclosure available in black or white with six woodgrain laminate options

- Walnut Heights
- Fonthill Pear
- Phantom Ecru
- Phantom Cocoa
- Wild Cherry
- Manitoba Maple

5 YEAR WARRANTY
### Patented PowerShuttle technology:

- Supports safe and fast charging for tablets and laptops
- Continuous monitoring keeps circuit limits in check
- In-rush protection helps avoid power spikes
- Measured processing manages the current to devices
- In a test, our charging cart with PowerShuttle Technology charged up to 40% faster than our competitor’s round robin charging cart

### Our professional-grade ChargeFit designs

Our professional-grade ChargeFit designs combine durable construction with extensive testing to help keep students, staff and devices safe.
Inspire tomorrow’s engineers and inventors with the versatile Adjusta Cart. This innovative cart works with a makerspace kit, MXV monitor arm, whiteboard or pegboard shelf accessories for STEM lesson plans. It also serves as a teacher desk, podium, charging cart, storage and hub for TVs and interactive displays.

Our LearnFit family of height-adjustable, mobile desks allows students, teachers and colleagues to break free from constraints that hinder creativity and success, so they can thrive as they learn and work. These kinetic environments drive collaboration across the entire school to support 21st century learning.

From supporting greater focus to building flexible classroom spaces to contributing to positive academic performance, LearnFit creates personalized learning experiences that set the foundation for a lifetime of well-being.
Ergotron’s high-quality products are backed by specially trained support professionals and optional extended service programs that protect your business investment and enhance ongoing product performance for years to come.

AVAILABLE SERVICES:
- Installation and integration
- Next business day on-site service
- Preventive maintenance
- Extended warranties
- In-warranty and post-warranty repairs
- In-depth on-site product training
- Equipment audit and health check

LearnFit Sit-Stand Desk
Transform classrooms, conference rooms or common areas into active spaces with flexible seating using the LearnFit mobile desk.
