Moving you forward

Research and customer feedback show that freedom to move while working leads to better health, greater productivity and a more positive attitude. At Ergotron, our mission has always focused on transforming static workplaces into dynamic environments that allow our customers to thrive. This means moving people forward by improving how they work, learn, play and care for others.

Whether in office, home, healthcare or educational settings, Ergotron is respected for industry-leading, professional-grade products. Our ergonomic movement solutions are designed for the rigors of a commercial audience, engineered for durability and tested to performance excellence. We are proud to hold more than 200 patents for unique product innovations and to have received countless accolades and awards.

Your input remains a crucial component in our product development process—and your loyalty tells us we’re continuing to move you in the right direction.

Thank you for your continued trust in the Ergotron brand.
The way we work has changed, so companies need to invest in spaces that meet the needs of every generation. Through movement, Ergotron eliminates constraints and transforms sedentary office environments into active spaces that inspire creativity and long-term results.

**Sit-Stand Workstations**  
**THE BROADEST PORTFOLIO FOR THE PERFECT FIT**

Our products foster a workplace culture of movement, encouraging active workstyles that benefit employers and employees with improved comfort, flexibility and collaboration.

**Monitor Mounts**  
**WELL-BEING IS WITHIN AN ARM’S REACH**

An active sit-stand workstyle represents just one aspect of a workday that moves. With Ergotron’s monitor arms, you can harness even more productivity and feel-good benefits.
WORKFIT DESK CONVERTERS

Every body and every workspace is different. With the widest selection of styles, sizes and accessories, Ergotron’s WorkFit family of sit-stand solutions helps employees find their best fit. The ability to easily go from sitting to standing and back again allows employees to choose how they work to reclaim the energy they need to feel and perform at their best.

The new standard: WorkFit-TX

Thoughtfully designed to offer advanced ergonomics out-of-the-box, the WorkFit TX fits more users with an X-shaped lift that folds close to your desk to keep the right monitor-to-keyboard-tray spacing. With a height-adjustable, back-tilt keyboard that sits below the worksurface, this ultra-low sit-stand workstation delivers leading ergonomics when sitting and standing.

Right-angle power play: WorkFit Corner

Don’t cut corners. Use them. The WorkFit Corner Standing Desk Converter turns unused space into a productive right-angle power play. It offers more worksurface and the largest keyboard tray of any WorkFit. The notched worksurface hugs 90-degree cube or office walls to slide into this previous dust collector space.

The innovative TRACE Monitor Mount adapts to the ergonomic needs of each employee to create agile workspaces at home or in the office that effortlessly shift between users and tasks to encourage healthy movement, productivity and a collaborative spirit.
Embrace the Technology of Movement™
to improve workplace comfort, collaboration and productivity.

A productive and comfortable workday depends on a personalized set-up that offers employees the freedom to choose how they work best. TRACE embraces movement by tracing the path from individual to collaborative work, always returning to the natural home position.

Intuitive adjustment using patented Constant Force™ Technology positions screens at an ergonomic height for comfortable working in dedicated or shared workspaces. Integrated cable management reduces clutter with a compact base that maintains valuable workspace. The flexible design accommodates future technology changes with a 15-year warranty to get more from your investment.

Embrace your next move:
TRACE Single Monitor Mount
with Panel Clamp

This innovative mount adapts to how each user works and feels their best to create ergonomic, flexible workspaces. It intuitively adjusts between tasks and postures, always returning to the natural home position.

Wall Mounts
GET MORE FROM YOUR SPACE
Free up room in your facility for personal interaction with patients and families.

Charging Cabinets
POWER UP YOUR TECHNOLOGY
Keep your smart devices secured, protected and charged for easy documentation.

and more!

Caregivers have many distractions that take their focus away from patients—technology should not be one of them. Ergotron products remove constraints from how caregivers work with technology to help reduce burnout and to improve the patient experience. Together, we are moving care forward.
Short, tall or average clinicians can now work comfortably and effectively—no matter what their stature. Help all of your caregivers thrive with an expansive vertical range that easily adjusts to the ergonomic needs of the broadest range of users. The lightweight design makes it easy to move wherever your work takes you around the healthcare facility.

Ultra-lean Documentation Cart

CareFit Slim 2.0 LCD Medical Carts offer a pull-out keyboard and large worksurface to support large all-in-one computers and monitors, with no-drawer and one-drawer models available.

1. Designed for lean IT configurations, including micro PC + LCD or AIO 21–27” weighing up to 20 lbs (9.1 kg)
2. Telescopic lift provides an additional 5” (13 cm) of monitor height adjustment
3. Spacious worksurface is 20.7” x 14.3” (52.5 x 36.3 cm)
4. Slide-out keyboard tray and pull-out mouse tray (left or right side) hides under the keyboard tray when not in use
5. Offers easy height adjustability with the pull of a lift handle
6. Accessory shelf for printer or scanner on left; sani-wipes holder on right
7. Lift engine offers an expansive vertical range of 29.25–49.1” (74–124.7 cm)
8. Easily add a hot-swap power system
9. Compact cast aluminum base with durable finish; includes three-function 4” (10.2 cm) casters

CareFit Slim Laptop Carts fit laptops and two-in-ones. A pull-out cable storage tray keeps cords out of sight, and a slide-out power brick holder offers easy access to power options.

1. CareFit Slim Laptop Security Bracket keeps your laptop from sliding, while helping protect important equipment
2. Integrated storage area and pull-out cable storage tray with quick connect hardware
3. Worksurface is 27” x 17.5” (68.6 x 44.5 cm)
4. Triple-stage lift engine offers an expansive vertical range of 24.5–49.1” (61.4–124.7 cm)
5. Super-compact cast aluminum base with durable finish; includes three-function 4” (10.2 cm) casters

The CareFit® Pro Medical Cart sets a new standard in professional-grade design for home-like environments for clinicians and patients alike. A flexible open architecture system reliably adapts to future and current workflows with ease. Integrated, cloud-based software simplifies fleet management, helps improve uptime and alleviates power concern.

1. 180° pan for monitor and keyboard
2. Touchscreen user interface
3. High-capacity configurable drawer system can be added
4. Infinite brake mechanism enhances patented Constant Force™ technology for improved usability; electric lift also available
5. Integrated 320Wh LiFe battery
6. Durable, 5” (12.7 cm) dual-wheel casters
7. Optional LiFeKinnex Power System (245Wh)
8. Cantilever monitor mount for focal depth adjustability and full access to worksurface
9. LED lighting located on the base, keyboard and worksurface for working in dark environments
10. Neutral-angle, dual-grip handle design for improved push/pull/hoist ergonomics
11. Integrated 7-port USB hub for data and power
12. Technology enclosure
13. Enclosed cable management
14. Flex-platform accessory mounting system
15. Promote uptime with eKinnex™ software for proactive fleet management

Full-featured & Customizable Medical Cart

DM12-1006 / Black & Silver

*Displays, cameras and components shown are sold separately.
CLOUD-BASED FLEET MANAGEMENT FOR MEDICAL CARTS

• Secure, web-based software application that monitors and manages your fleet of CareFit and StyleView carts
• Seamless and centralized fleet management provides comprehensive cart data to significantly reduce or eliminate cart downtime
• Monitoring helps improve battery life expectancy
• Provides real-time insight into usage patterns, drawer access, battery charge/life and more
• Software operates separately from patient records to reduce concerns with HIPPA compliance
• Easy to get, fast to implement

POWER LIFE-CHANGING CARE

• Safe battery chemistry
• Longer battery cycle life
• Quick charging time
• Easy to connect
• Simple attachment system

Alleviate power anxiety on medical carts with this innovative battery system designed to support multiple workflows, including hot swap or on-cart charging. The three-part system—battery, smart battery dock and optional external four-bay charger—minimizes downtime by monitoring battery run-time with an LCD screen and using the unique magnetic connection feature for an easy swapping process.

Low Profile Wall Enclosure

Space is in high-demand in healthcare environments. With the CareFit Enclosure, you have more room to provide the best patient care. The wall-mount workstation lets caregivers work comfortably sitting or standing in crowded patient rooms or hallways.

- The low-profile design stays close to the wall and folds when not in use to open up more space
- Lock code with up to 10 digits keeps patient data and technology secure

CareFit Enclosure

- Typical LCD Size: 24" See website
- Lift: 20" (51 cm)
- Weight Capacity: ≤ 13 lbs (5.9 kg)
- Part Number / Color: 61-367-060 / Matte Black, 61-367-030 / Snow White
The modular CareFit Combo System supports genuine patient connections and helps reduce the risk of errors by enabling an efficient and comfortable documentation experience at the point of care. The wall mount design enhances healing spaces with concealed cable management that promotes infection control, serviceability and uptime for IT teams.

Provides nurses with renewed control over individual workflows and health to help facilitate efficient documentation and foster patient relationships.

Hidden cable management and simple cord access makes it easy for IT teams to maintain or upgrade workstations so they can efficiently get the job done.

1. Personalized, ergonomic monitor positioning for each user with 180° of pan and 13 cm of independent adjustment
2. Full unit extends up to 165 cm for documentation at a patient’s bedside or in a private space
3. Wall Track creates a clean, streamlined look with hidden cabling
4. Space-saving design easily folds when not in use to open up more work area
5. Support neat, healing spaces with concealed cable management that enhances infection control
6. Enable efficient, secure access with space for an RFID employee badge reader

CONFIGURE YOUR WALL SYSTEM FOR YOUR WORKFLOW

Select an area for supplies or large worksurface for keyboard storage.
THOUGHTFUL ERGONOMICS FOR COMFORTABLE CAREGIVING

Intuitive workflows
1. Extension helps minimize the distance and steps to the patient
2. Full unit moves together with a light touch to give caregivers flexibility and choice
3. Supports caregiver-patient engagement with independent monitor adjustment
4. Convenient scanner access with installation on either side
5. Optional CPU Tray installs under the worksurface to save valuable wall space

Build Your CareFit Combo: Accessories To Enhance Your Workflow

- **CPU Wall Cabinet**
  - Clean design keeps CPU secure and extra cables and power brick out of view
  - 98-543-251

- **CareFit Combo Scanner Bracket**
  - Supports efficient workflows with installation on either side
  - 98-551-251

- **CareFit Combo Extender**
  - Provides extra reach and flexibility for larger care applications
  - 98-547-251

- **CareFit Combo Worksurface CPU Tray**
  - Saves valuable wall space by installing under the worksurface
  - 98-549-251

- **34" Wall Track**
  - Enables a sturdy installation; required for CareFit Combo Arm
  - 31-018-216

- **CareFit Combo Scanner Bracket**
  - Supports efficient workflows with installation on either side
  - 98-549-251

- **CareFit Combo Scanner Bracket 34" Covers**
  - Hides cabling for a neat look and supports infection control
  - 98-609-030

- **Printer Bracket for Wall Track**
  - Keeps printer in reach to maximize time with patients; installs on either side
  - 98-578-251

- **CareFit Combo Scanner Bracket**
  - Supports efficient workflows with installation on either side
  - 98-551-251

- **CareFit Combo Wireless Scanner Bracket**
  - Supports efficient workflows with installation on either side
  - 98-549-251

- **CareFit Combo System with Worksurface, Wall Cabinet and Wireless Scanner Bracket**
  - (designed for all-in-one workflows)

- **CareFit Combo Arm with Scanner Bracket and Printer Bracket**
  - (designed for all-in-one workflows)

- **CareFit Combo Arm with Worksurface, Extender, CPU Tray and Scanner Bracket**

- **CareFit Combo System with Worksurface, Extender, CPU Tray, Scanner Bracket and Printer Bracket**

Popular configurations for patient-centered documentation
**Healthcare**

No two days are the same, so the flexible designs evolve with your lesson plans. As movement innovators, we’ve designed our ChargeFit systems to work with a variety of accessories and environments for you to decide where and how you want to ChargeFit.

Durable Flexible Efficient Innovative

Harness the limitless potential of interactive, digital learning. Ergotron’s professional-grade ChargeFit charging systems fit your changing technology, education spaces and ever-changing school days.

No two days are the same, so the flexible designs evolve with your lesson plans. As movement innovators, we’ve designed our ChargeFit systems to work with a variety of accessories and environments for you to decide where and how you want to ChargeFit.
Our professional-grade ChargeFit designs combine durable construction with extensive testing to help keep students, staff and devices safe.
Our LearnFit family of height-adjustable, mobile desks allows students, teachers and colleagues to break free from constraints that hinder creativity and success, so they can thrive as they learn and work. These kinetic environments drive collaboration across the entire school to support 21st century learning.

From supporting greater focus to building flexible classroom spaces to contributing to positive academic performance, LearnFit creates personalized learning experiences that set the foundation for a lifetime of well-being.

**YES36 Charging Cart for Mini-laptops**
This customizable charging cart lets you charge, store and transport up to 36 laptops, Chromebooks and tablets with screen sizes up to 13”–and some up to 14”. Have larger devices? Just set the cart’s bay width and shelf height for your needs. It charges devices 40% faster than other systems, so they’re ready when you need them. Say “YES” to an easy-to-move and safe charging cart that fits into tight education spaces.
